^HONORS COLLEGE:

The highlighted courses reflect options of Honors Courses to take. The Honors College requires students to take a total of 18 credit hours with an **honors designation**. 6-9 lower division classes and 6-9 upper division classes. These are classes with an HON prefix or **courses by contract***. 3 of the total 18 must be a Senior Capstone experience taken under HON 400 or HON 410 or by contract.

Not all of the honors courses highlighted are offered every semester. Be sure to talk to your advisor and to check the Honors College website for a list of approved courses for the semester. Go to the Honors College website → For Students tab → Courses. Look at the courses being offered in Areas IV, V, and Viewing the Wider World. Search for those courses when you register for the semester.

*Honors Course by Contract: Non-Honors courses may count as upper level Honors courses by contracting the course. An Honors Contract is a mechanism for adding an "honors dimension" to a course that is not listed as an honors course. The contract allows honors students to convert a regular non-honors course into an honors course that counts towards graduation with University Honors. If the course is cross-listed as a graduate-level course, doing the graduate work is sufficient. Go to www.honors.nmsu.edu/for-students/honors-courses-by-contract/ for more information.

This document is a planning tool and is not a contract between the student and the university. This document has been designed to assist you with planning courses to complete degree requirements. Every effort has been made to insure its accuracy; however, final confirmation of degree requirements is subject to department, college and university approval.
